

## **Alternative Medicine**

Alternative medicine is a wonderful of helping the body to cleanse itself of free radicals and start working properly on its own. The services offered at Healing Ranch are not invasive. They are not intended to take the place of a doctor, nor diagnosing any illness. We do not prescribe any medicine.

Both the service of the Medical Biomagnetic Pair of Dr. Goiz Duran and massage can have healing reactions such as: headache, body aches, a bit of fever, nausea, dizziness and possibly diarrhea. Which in the case of pair-Biomagnetic we ask you to observe the body for at least three to seven days when you can have a reaction of discomfort while the body expels toxins or perhaps a favorable internal change occurs.

In the case of the massage you will be asked to take water moderately, if possible in both cases rest for a reasonable time to assist in a quick recovery is advised.
